

## TARP-ONS

All tarp ons include snaps, front awning channel and hardware. (bows are sold separately, see below) When ordering please specify if you would like chrome or black snaps installed on tarp on or sent separately. We suggest that trucks that have had tarp ons installed at one time, that you request the snaps not to be installed as we can not guarantee the snaps will line up with the previously installed studs.

Prices listed below next to part numbers are for Black or White tarp on material only. If you would like a different material please see price structure below. Tarp ons made out of Landau, Sport topping or Canvas/Stayfast material are considered special orders and are NON RETURNABLE.

### Landau Material:

Short Bed	
Long Bed	

### Vinyl Sport Top Material:

Short Bed	
Long Bed	

### Canvas / Stayfast Material:

Short Bed	
Long Bed	

### Tarp on Bows

Aluminum Alloy Tarp on bows\*. Each bow is composed of two pieces that together form the bow. Short Bed models use 2 bows and Long Bed models use 3 bows.

***\*Tarp on bows are optional, but are desirable due to the fact that they give shape and support to the tarp on and reduce the strain on the tarp on at the snap locations.***
